

# LIGHT & MOTION

## **Light and Motion receives 2009 WRAP award:**

*November 17th 2009, Monterey, CA*— Light & Motion is pleased to announce it has received the 2009 WRAP – Waste Reduction Awards Program from the State of California.

“We are thrilled to be recognized for our work to reduce our waste, streamline our business and contribute in a meaningful and measurable way to treading a little more lightly each year while improving our products, workplace and community” said Daniel Emerson, CEO for Light & Motion.

## **The WRAP Award**

The WRAP award is a California Statewide program that recognizes businesses who demonstrate annual reductions in their waste stream. The Award requires a rigorous tracking of incoming and outgoing materials, energy, and waste along with documentation of improvements and efficiency gains across all the material and energy streams. More information can be found at <http://www.ciwmb.ca.gov/WRAP/>

## **About our company:**

In 1989, Light & Motion founders developed the first high power portable underwater lighting systems for video in Monterey, California. These dive enthusiasts built a company focused on world-class sport-specific products. Today Light and Motion continues to pioneer best in class video systems and video lighting for enthusiasts.

Light & Motion has been recognized for its leadership in reducing waste and emissions by recycling and utilizing alternative transportation. Light and Motion designs, tests and manufactures a majority of its products right here in California. We encourage consumers to return spent batteries for safe recycling. The company has been recognized by the US Congress, California State Assembly and AMBAG for outstanding and invaluable service to the community, and has received the WRAP and Green business awards for their conservation efforts, as well as receiving the 2008 California Small Business of the Year.
